

Hui Tang

Energy and Sustainability Research Institute Groningen, University of Groningen, the Netherlands

+86 15510798622 | h.tang@rug.nl

Education

2025.10-present, PhD student in Ecological Economics, University of Groningen, the Netherlands

- Research field: Biodiversity conservation, Impacts of global trade on ecosystem

2022.9-2025.7, Master of Science in Geography, Peking University

- Academic performance: GPA 3.68/4.0, Awarded the China National Scholarship for Postgraduates
- Research Field: Ecological security pattern, Biodiversity conservation, Ecological restoration

2018.9-2022.6, Bachelor of Management in Land Resource Management, China Agricultural University

- Academic performance: GPA 3.71/4.0, Awarded the China National Scholarship for Undergraduates

Publications

Journal articles

- **Tang, H.**, Peng, J.*, Jiang, H., Lin, Y., Dong, J., Liu, M., Meersmans, J. 2023. Spatial analysis enables priority selection in conservation practices for landscapes that need ecological security. *Journal of Environmental Management*, 345, 118888.
- **Tang H.**, Peng J.*, Jiang H., Lin Y., Xu D. 2024. Trade-off between comprehensive and specific ecosystem characteristics conservation in ecological security pattern construction. *Global Ecology and Conservation*, 49, e02776.
- **Tang H.**, Hu T., Lin Y., Li X., Xu D., Chen Y., Xia P., Peng J.*. 2026. Inequality reduction of conservation responsibility: An unexpected outcome of achieving the 30×30 biodiversity target in China. *Landscape and Urban Planning*, Under review.
- **Tang H.**, Hubacek K., Hu T., Xu D., Liu Y., Peng J.*. 2026. China's grain production increase has benefited half of global terrestrial vertebrates. Ready for submission.
- Peng J.*, **Tang H.**, Su C., Jiang H., Dong J., Xu D. 2023. Regarding reference state to identify priority areas for ecological restoration in a karst region. *Journal of Environmental Management*, 348, 119214.

Selected Awards

- **Outstanding Graduate of Beijing City**, 2025
- **China National Scholarship for Postgraduates** (Top 1%), 2024
- Outstanding Graduate of Peking University, 2025
- Merit Student of Peking University, 2024
- **Model Merit Student of Peking University**, 2023
- China National Scholarship for Undergraduates (Top 1%), 2020 & 2021
- Outstanding Graduate of Beijing City, 2022
- Merit Student of Beijing City, 2021
- Presidential Scholarship of China Agricultural University (Top 0.14%), 2021
- The First Prize for Academic Performance Scholarship, 2020 & 2021
- Tsang Hin-chi Scholarship for Chinese Outstanding Students, 2019, 2020 & 2021
- First Prize in China National Real Estate Appraisal Skills Competition, 2020
- Merit Student of China Agricultural University, 2021

Project Experience

2021.10-2024.5

Key Research and Development Program of Ningxia, China

- *Ecological networks construction and optimization in high urban-ecological conflicts areas in the Yellow River Basin, Ningxia (2021BEG03019)*

2022.9-2025.10

National Natural Science Foundation of China (NSFC) Joint Fund project

- *Ecosystem service trade-offs and landscape pattern management in Dongting Lake Basin: A collaborative approach of food ecological security (U20A2084)*

2022.9-2025.10

National Key Research and Development Program of China

- *Coupling mechanism, theories and methodologies of integrative ecological restoration of mountains, rivers, forests, farmlands, lakes, grasslands and deserts (2022YFF1303201)*

2024.2-present

National Natural Science Foundation of China (NSFC) International Cooperation and Exchange project

- *Collaborative SDGs achievement pathways of typical lake basins in China and Africa based on Water-Food-Ecosystem Nexus (4231101718)*

Other Skills

- **Language:** IELTS 7.5 (R:8.5, L:8, W:6.5, S:6)
- **Coding:** Data analysis and drawing knowledge in MATLAB, Python and R, Google Earth Engine
- **Software:** ArcGIS, InVEST, Photoshop, Microsoft Office, SPSS, Geoda, MaxEnt, Zonation...
- **Hobby:** Travel, Badminton, Photography
